

De-a v-ați ascunselea cu Corona Virusul

Keep Hiding by the Corona Virus

Skryme sa pred koronavírusom

A tale written by the storyteller Peter Mikola about a family with two children, a little girl named Zorka, and her baby brother, Berci.

Viruses are masters when it comes to getting people ill. There's really no way to tell when the enemy attacks, so people are hiding in their own houses, careful not to fall for it. We will be playing this game of hide and seek until scientists find the most powerful weapon against this enemy and annihilate them. This hide and seek game was not so bad after all, we spent a lot of time together, much more quality time that we had before.

Príbeh z pera poviedkara Petra Mikolu hovorí o rodine s dvoma deťmi – dievčatku menom Zorka a jej mladšom bračkoví Bercim.

Pokiaľ ide o to, ako privodiť ľuďom daku chorobu, vírusy sú v tomto zdatnými majstrami. Naozaj nemožno predpovedať, kedy nepriateľ zaútočí, preto sa ľudia skrývajú vo svojich domoch a dávajú si pozor, aby mu nepodľahli. Túto hru na schovávačku budeme hrať, kým vedci nevynájdu voči tomuto nepriateľovi tú najúčinnjšiu zbraň, s pomocou ktorej ho zničia. Ale keď si to tak vezmeme, táto hra na schovávačku nakoniec nebola až taká zlá, strávili sme veľa času spoločne a najmä oveľa viac času s rodinou a blízkymi než kedykoľvek predtým.
