Kville **Kville** **Kville**

This is the story about a blue frog called Kville. He lives on an island in Gothenburg, where he sees himself as everyone's helper. He does the same thing every day and is very happy about that. But one morning a gust of wind takes hold of him and he accidentally ends up in a human's jacket pocket. Unfortunately that human is on its way to Morocco, a country far, far away. Kville is scared to death and all he wants is to go home to his beloved island.. but how? Join an adventure of Moroccan frogs, sneaky street cats and a hungry French chef!

Náš príbeh je o belasom žabiačikovi menom Kville. Kville žije na ostrove v Gothenburgu, kde každému pomáha. Každý deň robí to isté a je šťastný a spokojný. Jedného rána ho však odnesie závan vetra a on skončí vo vrecku kabáta neznámeho človeka. Nanešťastie tento človek je na ceste do ďalekého Maroka, krajiny na mile vzdialenej od Kvilleho domova. Kville je na smrť vystrašený a jediná vec, po ktorej túži, je vrátiť sa späť na svoj milovaný ostrov. Lenže ako? Pridajte sa k nám a zažite s nami dobrodružstvá marockých žabiek, prefíkaných pouličných mačiek a lačného francúzskeho šéfkuchára!
